

SEM 2 DIGITAL ASSIGNMENT
PLAYGROUND

BY KOK MING HUI

Sketchup Presentation Project 2

KOK MING HUI A21BE0373

Playground

Design Concept:

PLAYING WHILE LEARNING.

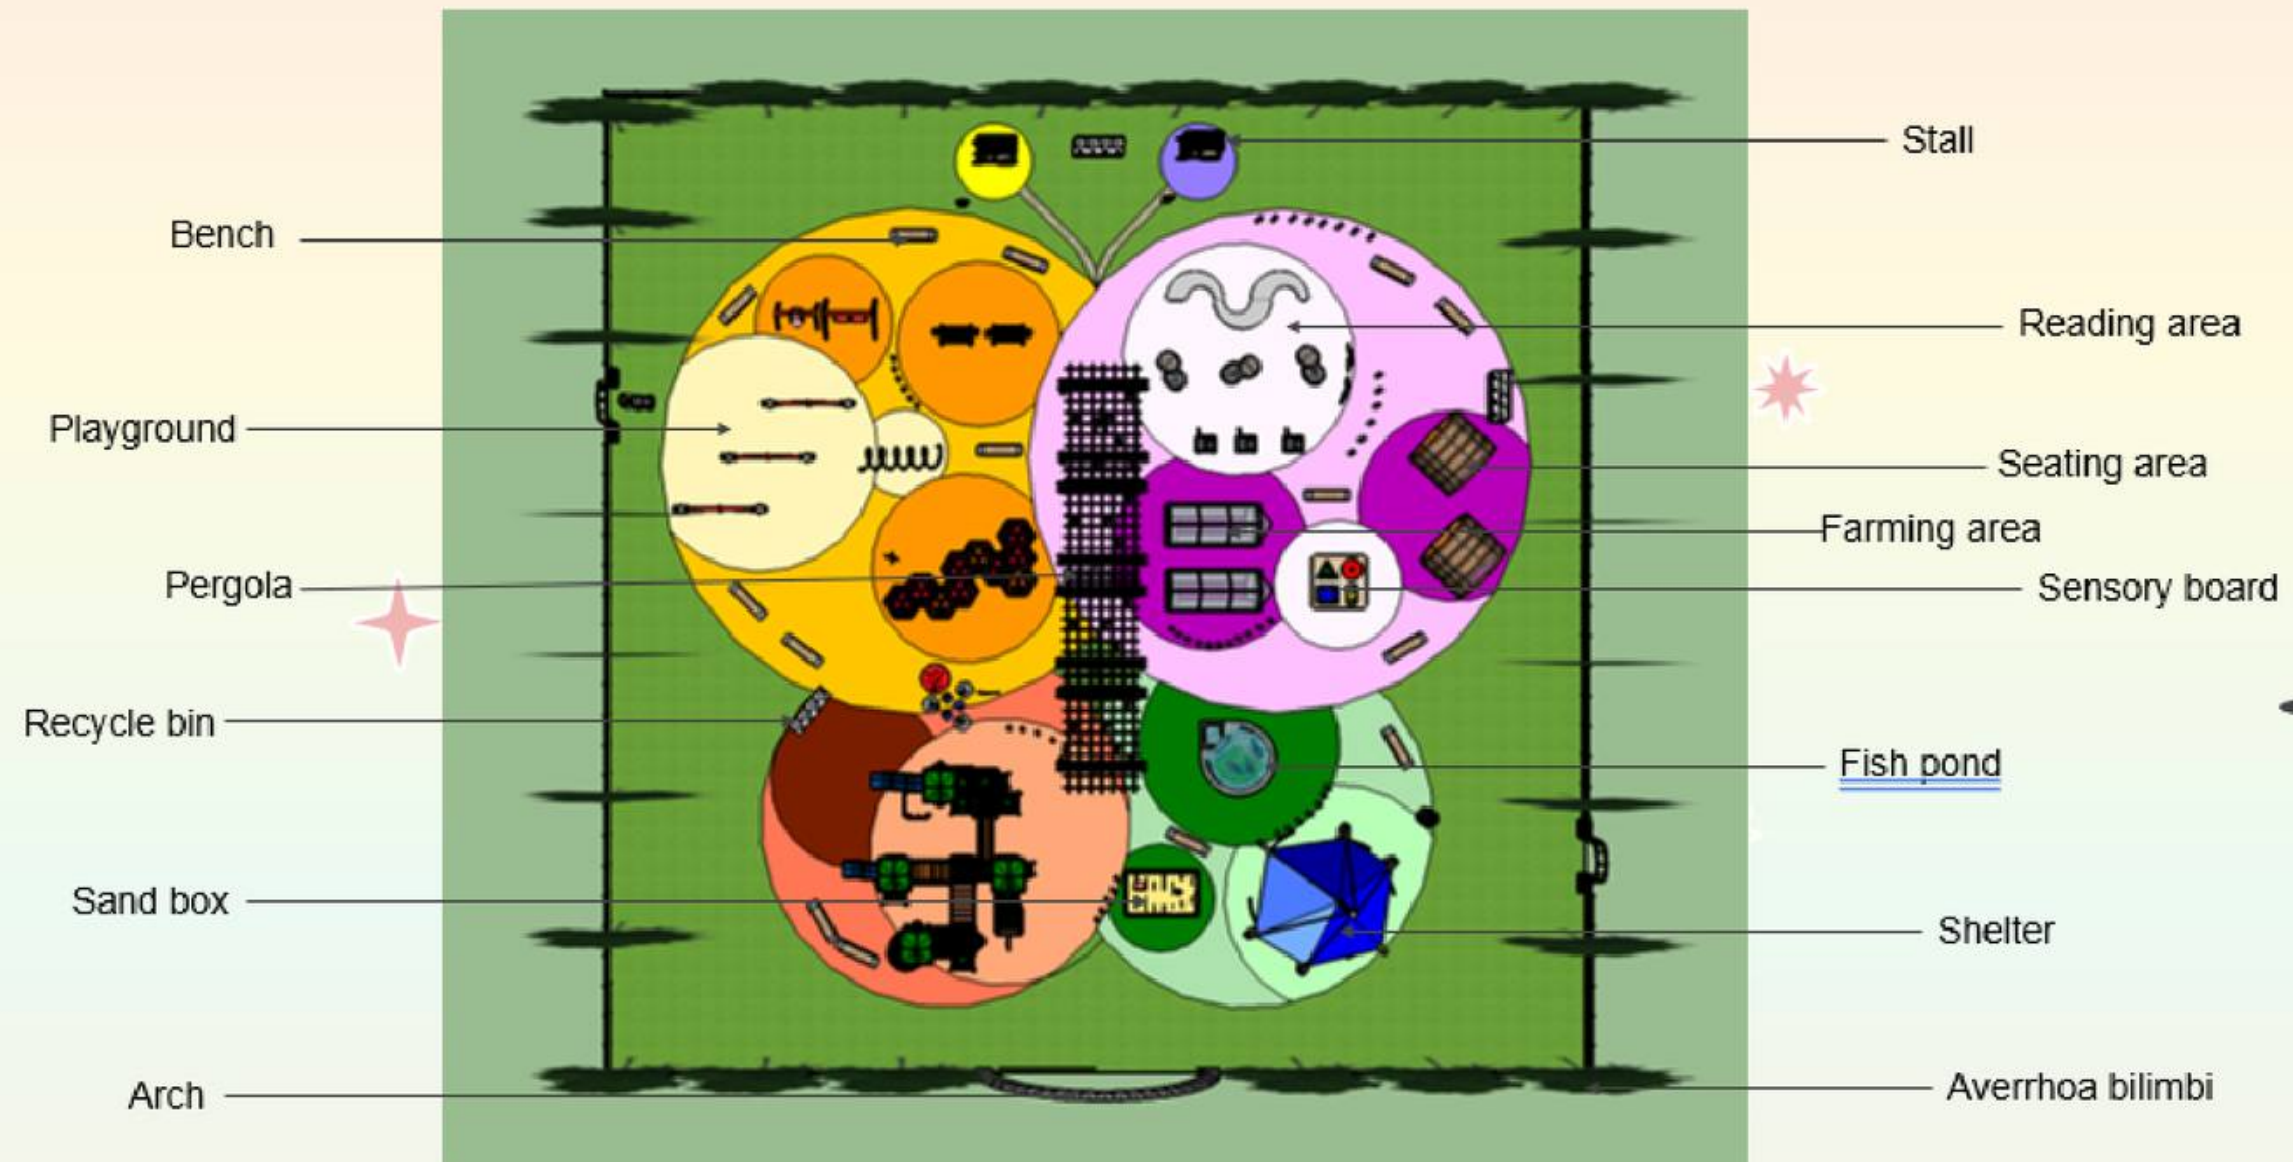

- children are the people who always like to run, enjoy and discover a new things
- an active and passive environment can develop their brains and bodies at the same time
- healthy body, smart brain
- left - focus on playing
- right - focus on resting and reading

Design Idea:

- butterfly form to suit the playground title
- implement interesting learning process for the children
- "Play" not only about the playing but also can "play" in the knowledge ocean
- be enjoying in learning
- surrounded by comfortable greens
- attractive EDPM carpet colors to attract the attraction of children
- give different experience in the site
- learning farming knowledge

Plan:

Section:

Recycle bin

Pergola

Bollard lighting

Arch

Perspective:

Show the playground.

Show the learning area.
